Designed to Deliver.

DSA Architects International is a leading Architectural Design & Lead Consultant Services Business, delivering landmark, sustainable buildings and environments across the globe from our strategic locations in the Middle East, Africa, Europe and Asia. With a unique passion and 'can do' approach, we combine 'International Expertise with Local Knowledge' to realise signature projects, from creative inception through to completed handover.

Since our original establishment in 1985, the company has developed massively in scale, scope and diversity. As a multi award-winning practice, DSA are recognised for creating unique, exciting and timeless architectural experiences, always with a sense of place relating to their location and cultural traditions.

We have delivered projects in over 30 countries around the world, whilst providing the highest levels of creativity, innovation and technical excellence as standard, and consistently pushing the boundaries of new technology and innovation – always with a recognition and appreciation of the local history, culture and a sense of place from one location to the next.

Our passionate leadership is strongly supported by teams of highly-qualified, experienced and talented designers, management professionals and technical experts, selected from the international arena and with a proven track record of success in our field.

As a business, we are fully committed to maintaining and further enhancing our reputation as a professional, flexible, trusted and delivery-focused 'partner of choice' for clients and major hotel operators, with whom we enjoy many close and repeat working relationships with.
